BIZARRO COOKIE POLICY

We use various online technologies to deliver the best digital experiences. This policy explains what online technologies we use, why we use them and how you can control them.

ONLINE TECHNOLOGIES

We and our third-party partners use cookies and other online tracking technologies such as pixels, tags, scripts and software development kits (SDKs). Cookies are small data files stored on your device. Pixels or web beacons are tiny images that track web traffic and behaviour. Scripts run on web pages and collect information about browsing, and SDKs are tools embedded in applications.

WHY WE USE THESE TECHNOLOGIES

These technologies help us deliver a more user-friendly experience by enabling essential website functionality, improving performance, tailoring content and advertising, remembering your preferences and measuring the effectiveness of our communications.

TYPES OF COOKIES WE USE

- Essential cookies – necessary for basic site functionality, such as page navigation, ticket purchasing and secure access.
- Performance cookies – help us understand how visitors use our websites and apps by collecting and reporting usage information anonymously.
- Functional cookies – allow the website to remember choices you make (such as language or region) and provide enhanced, personalised features.
- Advertising cookies – used by us and our partners to deliver relevant adverts based on your interests and measure campaign effectiveness.
- Social media cookies – enable you to share our content on social networks and allow those networks to track your activity on our site.

CONTROLLING COOKIES AND ONLINE TECHNOLOGIES

You can manage your cookie preferences via our cookie-management tool or by adjusting your browser and device settings. You can also opt out of personalised advertising through industry-approved opt-out tools. Please note that disabling certain cookies may affect site functionality.

UPDATES AND CONTACT

We may update this policy from time to time. Check back regularly for amendments.

If you have any questions about this policy or our approach to privacy, please contact our Privacy Office at hello@bizarro.com.au.
